

MYSTERIES! HERE'S ONE TO SOLVE

NEVER was there a mystery more baffling than that contained in "12:10," which will be the attraction at the Lyric Theatre for two days, starting today. The star of this super-feature is Marie Doro, one of the most famous stars that ever left the spoken drama to take up screen work. The play is a Herbert Brenon production, and the element of suspense, surrounding the solving of the mystery is so cleverly projected on the screen that even acute imaginations must grope in darkness until the last few feet of the film reveal the mystery.

THE PLOT
The scenes of "12:10" begin in Paris, where lives Louis Fernando, a poor sculptor and his daughter Marie. Despondent, he slips away from his daughter and wanders thru the streets to the banks of the Seine River, wherein he sees a way to end his troubles. His daughter, Marie, becomes concerned regarding his long absence and starts to find him. Her pathetic figure attracts the attention of Lord Chatterton, a wealthy Englishman, who promises to aid her in the search. They reach the river just as old Fernando hurls himself into the Seine. Marie is adopted by Lord Chatterton and she grows into a lovely young woman. Stricken suddenly, Lord Chatterton makes his will, dictating it to Newton, his secretary. Crazy by Newton, Newton inserts a clause in the will to the effect that Marie must sit alone with Chatterton's body for twenty-four hours in silent prayer. The body is removed to the old country home, where it lies in state and Newton escorts Marie to the room where Chatterton lies dead, locking her in and leaving the castle. The silence of the room, the brushing of a tree against the window and the uneasiness of her position almost make a mental wreck of the girl, and her nerves are near the breaking point, when the bed covers are slowly thrown back from the bed and Newton sits up. One jump and he has Marie in his arms. Screaming, she struggles to free herself. She looks over his shoulder, and as the hands on the clock point to twelve, a door opens, and—That sounds exciting, doesn't it? The climax is the most thrilling part of the entire play which has enough suspense to suit the most exacting. "12:10" is a super feature, a typical Herbert Brenon production.

VAUDEVILLE
For the last two times tonight, the vaudeville bill of six big-time acts for the first half of this week will be presented and Thursday there will be a complete change of program. The headliners for the last half of this week and Sunday, starting Thursday, will be Douglas Graves & Co., in "Slaughtered Peppers," a comedy, running, playing, and irresistible charm. Another big feature will be Garry Owen & Co., a clever comedian and two beautiful girls, in breezy bits of harmony and comedy. Lambert and his ragtime, syncopated xylophone, are expected to be a hit comparable with Herbert Sevatan, of a week ago. Harvey & Dale have nothing but fun to offer. De Witt Young & Sister are "College Jugglers," one of the neatest and cleverest acts of its kind in vaudeville. "Bits of Fun and Frolic of the Best" are the contributions of East and West.

FAUROT.—One of the most amazing air accidents in the history of aviation forms the sensational climax of a new Paramount-Artcraft picture, "The Grim Game," starring Houdini, the most famous handkerchief king, at the Faurot theater. According to the story, Houdini in an airplane is pursuing a murderer, who is trying to escape in another machine. At a height of 3,000 feet Houdini is supposed to glide above the other machine, let himself down into the cockpit beside the murderer by means of a rope, and throttle him.

All went well until Houdini was just about to loose his hold on the rope. They suddenly a gust of wind lifted the lower plane into the upper one, and their propeller locked. They dropped like rockets, revolving nose on nose, with Houdini still dangling on the rope. But a few hundred feet from the ground, with both propellers gone, one of the air-men by a miracle, succeeded in falling into a glide, and, though, the other crashed nose-on into a field, the only injuries sustained were slight bruises. Also, other reels.

THE REGENT.—Is it possible to be her own rival? Norma Talmadge, famed screen beauty is her own rival in "She Loves and Lies," her newest contribution to the screen and a comedy-drama of the first order.

der. Miss Talmadge plays two sides of the eternal triangle and is her own rival for the affections of her husband. Does she put him in a quandary and is the lad non-plussed? Well, see for yourself.

The locale for "She Loves and Lies" is the Greenwich Village, New York, so often seen in print but so seldom seen in movies. Conway Tearle is leading man for Miss Talmadge and Octavia Brodie, Ida Darling, Philip Trend and many other appear in her support. "She Loves and Lies" is the attraction at the Regent for four days starting today at 1, 2:15, 4:30, 6:15, 8 and 9:45.

LOCALS WIN \$160 OF PIN MONEY

Lima bowlers copped awards to the total of \$160 at the State Bowling tournament held at Akron from Feb. 5 to Feb. 18. E. A. Stapleton was the leading prize winner of the local outfit, landing a high place in the singles.

Official standings from those at the head of the tournament have not yet been received here as a result the number of limas finishing in the money will not be known until some later date.

The official prize list of the state bowling tourney held here February 3 to February 18, as announced Tuesday night, shows 33 Ohio towns and cities get some slice of the money.

FIRE MENACES RACE YACHTS

NEW YORK.—(UNITED PRESS).—Sir Thomas Lipton's Shamrock IV which is to fly the British colors in the international yacht races next July and the Vaulie, probably selection of the New York Yacht Club as the defender of America's cup, narrowly escaped damage early Wednesday in a fire which caused a damage of \$1,000,000 in the Jacobs Brothers shipyard.

At one time, the flames were within 25 feet of the British yacht and the craft was imperiled by exploding tanks of gasoline nearby. The Vaulie was further distant.

Among five yachting and pleasure craft destroyed were the Trolia and Aurora, owned by Captain James L. Peterson, the Mystery, owned by James Farroll, of the United States Steel Corporation, and the Vega, owned by Mrs. George Lathrop, of Philadelphia.

PICK KILBANE AS WINNER

NEWARK, N. J.—Johnny Kilbane is favored in the betting to retain his featherweight crown here Wednesday night in an eight-round battle against Benny Valger of New York. Good sized odds were being offered that Valger would knock out the Cleveland fighter and that is the only method by which he can acquire the championship.

INDIANS START FOR TRAINING

CLEVELAND.—Seven Indians are scheduled to leave here Wednesday night for their training camp at New Orleans. The group includes Stanley Coveleskie, Ray Caldwell and two local sandlot pitchers, Tony Paetz, Jim Dunn's new pitcher, will be picked up at Chicago. The balance of the pitching staff will make the trip in a few days, while the rest of the team is due at New Orleans, on March 4.

CLASS TOURNEY AT CENTRAL

In the inter-class tournament held at Central Hi Tuesday afternoon the Freshies overwhelmed the Sophs to the tune of 15 to 5. The Sophs made a hard but poor showing against "Sheep". Hollister starred for the Freshies and scored most points. The Girls' team then settled the dispute as to who would play in the championship clash. The Senior Girls ranged against the Sophomores and they easily won by a score of 10 to 6. Next the Freshmen Girls bucked the Juniors and lost in a very hard fought and close struggle 12 to 5.

The whole argument of the rightful school championship will be settled Wednesday night when the winners of Tuesday's games will be pitched against each other. There is great interest in the tournament and each team will be represented by its rooters.

Charles Wahoo Guyon, noted Indian football player, has put in a bid to coach University of Colorado.

Billy Weeks, middleweight of Cincinnati, will take on Billy Mercer, Cleveland, over the same distance. Ten additional rounds will be put on by Blackie Richards, Dayton, and John McGee, Rochester, New York. They fight at 120 pounds.

NAME CHAIRMAN NEXT MONTH

By HENRY L. FARRELL.
NEW YORK.—Garry Herrmann's successor will be in the chair of the national commission before March winds have done much of their blowing. No decision on the hands to take hold of the baseball wheel was reached Tuesday night at an impromptu conference between Ban Johnson and John Heydler, the major league chieftains, but many of the obstacles were kicked out of the path.

"We discussed the chairmanship and while we did not reach a decision, we came to the point where the final steps can be taken by wire," Heydler said Wednesday.

Declaring that the controversy had already suffered from too much publicity, Heydler was unwilling to mention the names of the five candidates that were admitted to have been discussed.

In complaining about the premature publicity he referred to the embarrassment occasioned by the withdrawal of the name of Federal Judge Landis of Chicago. Landis, it seemed, had been mentioned by everyone but had been talked to by no one and he finally announced himself as not being a candidate.

While nothing official was given out, it is understood that the appointment now rests between two candidates—Senator James Walker, New York, and Harvey Woodruff of Chicago. The National League is said to be backing Walker with the American League lined up for Woodruff.

YANKEES MAY BUST MARK

With Babe Ruth on the club, the Yankees have a chance to smash all team home run records next season. Even without Ruth, the Yankees established a new American League home run record last season with forty-five, ten more than the failed Athletics, who were second in this department. Ruth made 29 of the 32 Red Sox homers last season, so the Boston club's home run crop with out Ruth is not expected to be visible to the naked eye next season.

The Yankees actually have cornered the available supply of home run leaders. With the exception of 1917, the year Baker was out of baseball, a member of the present Yankee team has led the American League in home runs in each of the last nine years. Baker was the boss home run flouter in 1911, 1912, 1913, and 1914. Pipp led in 1916 and 1917 and Ruth in 1918 and 1919. The year that Ruth led, 1915, he won the leadership with the ridiculously low figure of seven.

CENTRAL OFF FOR MEET

Central's basketball quintet is in the best of shape now, on the eve of the trip to Delaware where they will participate in the Ohio State Basketball Tournament. The team is in better shape than ever before this season. Assistant Coach Wallace has been training the boys for the past several weeks and their defeat of Fortoria was a great stimulus to pep and confidence in the team.

PIRATE CATCHER NOW HOLDOUT

Walter Schmidt, the Pirate catcher, has joined the ranks of the holdouts. This sterling backstop, who is rated almost as highly as Bill Killifer of the Cubs, received a contract from the Pittsburgh club, but, dissatisfied with the terms it contained, he promptly mailed it back to Barney Dreyfuss. As yet, Dreyfuss has not amended "the papers," but Schmidt, who is at his home in San Francisco, is confident that he will have little trouble obtaining the salary he demands. As good catchers of Schmidt's caliber bob up very seldom, Schmidt's confidence is well founded.

IRELAND VS. ENGLAND IN BANTAM CLASH

Once again the age old battle, Ireland vs. England will be renewed when Frankie Mason, otherwise Frankie McCann meets Jimmie Wilde, champion flyweight of Great Britain, the night of March 12, at Toledo.

The largest price ever paid little

fellows will be turned over to the British and American title holders by A. Q. Thatcher, president of the Toledo Athletic club, for this bout. Wilde has been guaranteed \$10,000, Mason \$5,000 for their 12 round bout.

The articles of agreement signed by the boxers make it necessary for them to go to Toledo two weeks before the bout, to train. Last boy Fielder Elmer Miller of St. Paul,

has on deposit a forfeit of \$2500, to scale 108 pounds or under at 3 o'clock the afternoon of the bout, and to appear in the ring when called.

Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauced-up" tobaccos for the fellow that likes nut sundas better than home made pie—

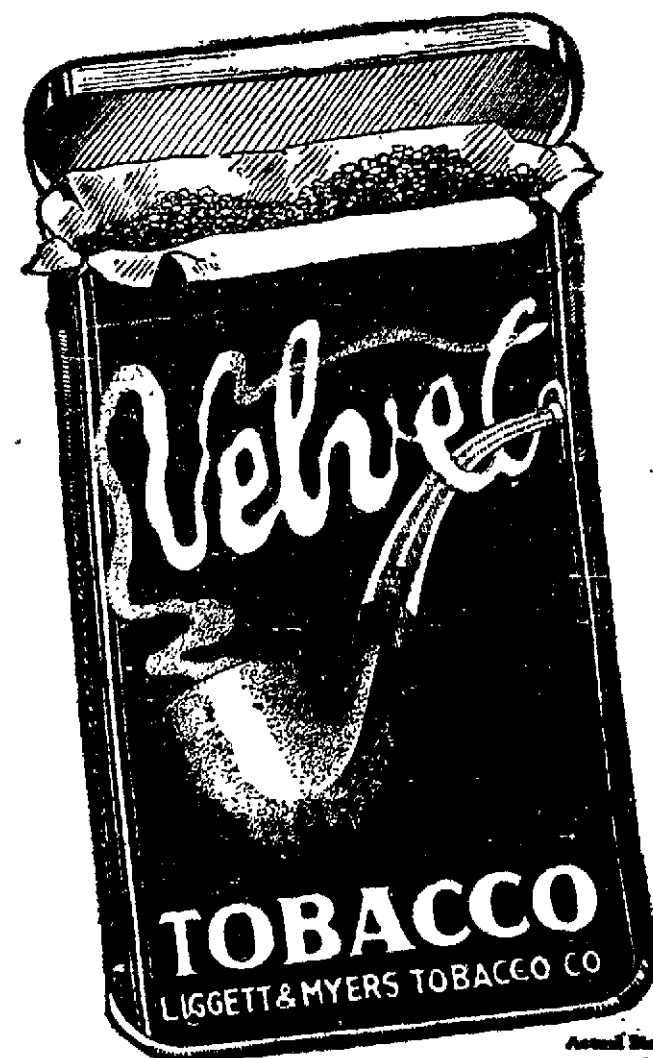

So says a friend of ours named Velvet Joe. And he just about hits the nail on the head.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheds. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is good tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

GRAIN PRICES ARE STRENGTHENED

Removal of Trading Restrictions Help Chicago Markets

CHICAGO—Removal of trading restrictions tended to strengthen grain prices and there were sharp advances in futures on the Chicago board of trade Wednesday.

Corn, after a sharp advance, closed 2-3/4 above the early low. The market strengthened noticeably from the early feverishness caused by uncertainties surrounding removal of restrictions on trading.

A good cash demand was prevalent and buyers for the first time in months were holding on in hopes of betterment.

Oats was not as strong as corn, but similar conditions prevailed. Reports of further exporting of rye added to the strength of the market.

February corn closed 1-1/2 1-4, an advance of 3-4 over the noon price; March corn closed unchanged from the noon price, while May and July corn each showed an advance of 1-1/2 over the noon figure.

May oats was 1-1/2 lower at the close than the noon figures of 30 1-2 and July oats closed unchanged.

Short Shavings

She was the sort of woman who always tells everybody her business. With a cheery smile she settled herself at the counter and began: "My husband has been very ill—very ill—so I have to do his shopping; and I want a shirt."

"Certainly, madam," said the salesman, courteously, "stiff front and cuffs?"

"Oh, no!" she exclaimed in horrified tones. "The doctor says he must avoid anything with starch in it."

It was in Paris. The talkative guide was exhibiting to the interested American tourist the tomb of Napoleon with all the customary flourishes of both language and hands.

"This immense sarcophagus," exclaimed the guide, "weighs forty tons. Inside of that, sir, is a steel receptacle weighing twelve tons, and inside of that is a leaden casket, hermetically sealed, weighing over two tons. Inside of that rests the mahogany coffin containing the remains of a very great man."

For a moment the American was silent, or if in deep meditation. Then he said:

"It seems to me that you've got him all right. If he ever gets out, cable me at my expense."

Just as the orator of the day was about to begin his address at a banquet tray in the kitchen upset and the clatter of dishes could be heard for two blocks.

The toastmaster, however, was equal to the occasion.

Calling on one of the waiters, he ordered:

"Say, please tell the jazz orchestra to stop playing until the speaking is over."

IODINE HEALS

RUNNING SORES, QUICK RELIEF

Old Sores, Abscesses, Boils, Ringworms, Chancres, Etc., are best treated and most quickly healed by the application of Iodine, says a well-known authority who also states that the wide-spread use of Iodine in army medical corps, has thoroughly proved its great value. It warns, however, against the use of common tincture of Iodine, because in this form it irritates and stains the skin. The new form of Iodine—Lanolin Iodine—is the best for such purposes. This comes in the form of an ointment, an is practically stainless, will not irritate, and is readily absorbed by the tissues. In the Lanolin form, Iodine is easy and pleasant to use and every disagreeable feature has been removed. It quickly penetrates, soothes, cleanses, and heals and is really delightful. Nearly all local dermatologists, including Fred Butler, H. F. Vorkamp now sell and recommend Lanolin Iodine. Try it. We believe nothing you have ever used will prove so effective and satisfying.

IODINE HEALS

RUNNING SORES, QUICK RELIEF

Old Sores, Abscesses, Boils, Ringworms, Chancres, Etc., are best treated and most quickly healed by the application of Iodine, says a well-known authority who also states that the wide-spread use of Iodine in army medical corps, has thoroughly proved its great value. It warns, however, against the use of common tincture of Iodine, because in this form it irritates and stains the skin. The new form of Iodine—Lanolin Iodine—is the best for such purposes. This comes in the form of an ointment, an is practically stainless, will not irritate, and is readily absorbed by the tissues. In the Lanolin form, Iodine is easy and pleasant to use and every disagreeable feature has been removed. It quickly penetrates, soothes, cleanses, and heals and is really delightful. Nearly all local dermatologists, including Fred Butler, H. F. Vorkamp now sell and recommend Lanolin Iodine. Try it. We believe nothing you have ever used will prove so effective and satisfying.
